

ICD-10 Codes for Family Planning Services

The purpose of this job aid is to provide a comprehensive list of ICD-10 codes for family planning services, including contraceptive visits, sexually transmitted infection services, female and male genital tract conditions, achieving pregnancy and basic infertility services, and other selected counseling services. Family planning agencies can customize this list based on the services they provide.

Contraceptive Visits

Table 1. METHOD INITIATION VISITS

Code	Definition	Comment
Z30.011	Initial prescription (Rx) of oral contraceptive (OC)	Includes combined and progestin-only pills
Z30.012	Rx of emergency contraception (EC)	All emergency contraception pills (ECPs). Optional for copper intrauterine device (IUD) used as EC
Z30.013	Initial Rx of injectable contraceptive	Includes DMPA-IM and DMPA-SQ (Depo-Provera)
Z30.014	Initial Rx of IUD	Use on Z30.430 on the day of insertion
Z30.015	Initial Rx of vaginal ring contraceptive	All contraceptive vaginal ring products
Z30.016	Initial Rx of transdermal patch contraceptive	All contraceptive transdermal products
Z30.017	Initial Rx of implantable subdermal contraceptive	Insertion of etonogestrel implant (Nexplanon)
Z30.018	Initial Rx of other contraceptives	Barrier methods (diaphragm, condom)
Z30.019	Initial Rx of contraceptives, unspecified	Use more specific codes when available

Table 2. METHOD FOLLOW-UP VISITS

Code	Definition	Comment
Z30.40	Surveillance of contraceptives, unspecified	Use more specific codes when available
Z30.41	Surveillance of OC user	Include combined and progestin-only pills
Z30.42	Surveillance of injectable contraceptive	Routine DMPA-IM and DMPA-SQ injection visits
Z30.430	Insertion of IUD	Use on the day of IUD insertion
Z30.431	Routine checking of IUD	IUD follow-up visits
Z30.432	Removal of IUD	IUD removal
Z30.433	Removal + reinsertion of IUD	IUD exchange
Z30.44	Surveillance of vaginal ring	All contraceptive vaginal ring products
Z30.45	Surveillance of transdermal patch	All contraceptive transdermal products
Z30.46	Surveillance of implantable subdermal contraceptive	Includes checking, removal, exchange of implant
Z30.49	Surveillance of other contraceptives	Barrier methods (diaphragm, condom)

Table 3. OTHER CONTRACEPTIVE CODES

Code	Definition	Comment
Z30.02	Counseling in natural family planning (NFP) to avoid pregnancy	Fertility awareness-based method (FABM) counseling
Z30.09	Other general counseling on contraception	Counseling occurred, but no method started. Use for method counseling on same day of long-acting reversible contraception (LARC) procedure
Z30.2	Sterilization procedure	Day of vasectomy or tubal occlusion procedure
Z30.8	Other contraceptive management	Routine exam for contraceptive maintenance. Encounter for post-vasectomy sperm count
Z30.9	Contraceptive management, unspecified	Use more specific codes when available
Z97.5	Presence of IUD	Use for evaluation of missing IUD string
Z98.51	Tubal ligation status	History of tubal occlusion, or use to evaluate possible tubal occlusion failure
Z98.52	Vasectomy status	History of vasectomy, or use to evaluate fertility of sterility after vasectomy

Table 4. CONTRACEPTIVE COMPLICATIONS

Code	Definition	Comment
R55	Syncope (vasovagal)	Syncope during office procedure
T81.4xx-	Infection following a procedure, unspecified	Post-IUD pelvic inflammatory disease (PID) or post-implant site infections
T83.31x-	Mechanical breakdown of IUD	Expired; broken or bent arm
T83.32x-	Displacement of IUD	Malposition, missing string, partial expulsion
T83.39x-	Other mechanical complication of IUD	Perforation, embedment, translocation
T85.618-	Mechanical breakdown of implant	Expired, fractured implant
T85.628-	Displacement of implant	Malposition, missing, partial expulsion
T85.698-	Other mechanical complication of implant	Nerve or vascular injury from implant
T85.79x-	Infection and inflammatory reaction due to implant	Infection over implant site

7th digit on complication codes: **A**: initial encounter **D**: subsequent encounter **S**: sequelae

Table 5. PREGNANCY EVALUATION

Code	Definition	Comment
Z32.00	Pregnancy test/exam, not confirmed	Pregnancy test inconclusive
Z32.01	Pregnancy test/exam, positive	Positive pregnancy test
Z32.02	Pregnancy test/exam, negative	Negative pregnancy test

Table 6. PREVENTIVE MEDICINE VISITS

Code	Definition	Comment
Z00.00	General adult medical exam without abnormal findings	Comprehensive health screening, no new abnormal findings
Z00.01	General adult medical exam with abnormal findings*	Comprehensive health screening, with <i>new</i> abnormal findings
Z01.41	Encounter for routine gynecological examination	Non-billable code; use one of the 2 codes below
Z01.411	Gyn. exam <i>with</i> abnormal findings*	Well woman visit, with <i>new</i> abnormal findings
Z01.419	Gyn. exam <i>without</i> abnormal findings	Well woman visit, without <i>new</i> abnormal findings
Z12.39	Screening breast exam	Use when the encounter is not a well woman visit or periodic health screening
Z23	Encounter for immunization	Visit for HPV-9 vaccine or others

*Include code for the abnormal finding as a secondary diagnosis.

Sexually Transmitted Infection Services (Female and Male)

Table 7. SEXUALLY TRANSMITTED INFECTION SCREENING AND COUNSELING

Code	Definition	Comment
Z11.3	Encounter for screening for infections with a predominantly sexual mode of transmission	Screening for sexually transmitted infection (STI)
Z11.4	Screening for human immunodeficiency virus (HIV)	HIV screening test(s) performed or ordered
Z11.51	Screening for human papillomavirus (HPV)	Use for follow-up of certain abnormal cytology and HPV test results and post-treatment surveillance
Z11.59	Screening for other viral diseases	Genital herpes screening
Z11.6	Screening for other protozoal diseases	Vaginal trichomoniasis screening
Z11.8	Screening for other infectious and parasitic diseases	Gonorrhea, chlamydia, and syphilis screening
Z20.2	Contact with or exposure to STI	Recent contact (exposure) to a STI, specifically CT, GC, non-gonococcal urethritis, epididymitis, trichomoniasis, or syphilis
Z22.4	Carrier/suspected carrier of STI	Diagnosed with trichomoniasis (women), syphilis, or HIV, either confirmed or presumptively treated, who may be co-infected with CT or GC
Z20.5	Contact with and (suspected) exposure to viral hepatitis	Exposure to hepatitis A, B, or C
Z20.6	Contact with and (suspected) exposure to HIV	Exposure to HIV
Z71.7	HIV counseling	Counseling re: HIV prevention, diagnosis, treatment
Z71.89	Other specified counseling	Counseling on a specific topic, not elsewhere classified
Z71.9	Counseling, unspecified	General counseling on a variety of topics
Z72.51	High-risk heterosexual behavior	Targeted STI screening ¹
Z72.52	High-risk homosexual behavior	Targeted STI screening
Z72.53	High-risk bisexual behavior	Targeted STI screening
Z86.19	Personal history of certain other infectious and parasitic diseases	Includes personal history of STI. Retesting after treatment of CT or GC

Table 8. CHLAMYDIA

Code	Definition	Comment
A56.00	Chlamydial infection lower genitourinary (GU) tract, unspecified	Use more specific codes when available
A56.01	Chlamydial cystitis and urethritis	Chlamydial urethritis
A56.09	Other chlamydial infection of lower GU tract	Chlamydial cervicitis
A56.19	Other chlamydial GU infection	Chlamydia epididymitis or orchitis
A56.3	Chlamydial proctitis (anus/rectum)	Chlamydial proctitis
A56.4	Chlamydial infection of pharynx	Chlamydial pharyngitis
A56.8	Sexually transmitted chlamydia other sites	Sexually transmitted chlamydia, other sites
N34.1	Non-specific urethritis	Also called non-gonococcal urethritis
N72	Cervicitis	Use for mucopurulent discharge, cause unknown

Table 9. ECTOPARASITES

Code	Definition	Comment
B85.3	Phthiriasis	Pubic crab lice
B86	Scabies	Infestation with scabies

¹ Targeted STI screening: Use when an asymptomatic individual is screened on the basis of personal high risk sexual behaviors

Table 10. GENITAL HERPES

Code	Definition	Comment
A60.00	Herpes of urogenital system, unspecified	Herpes vesicle, pustule, ulcer, or crust multiple sites
A60.01	Herpetic ulceration of penis	Herpes lesion on penis
A60.02	Herpes of other male genital organs	Herpes lesion on scrotum
A60.03	Herpes cervicitis	Herpes lesion on cervix
A60.04	Herpetic vulvovaginitis	Herpes lesion on vulva
A60.09	Anogenital herpes infection, specified site	Herpes lesion other than specified above
A60.1	Herpes of perianal skin and rectum	Herpes lesion on around anus
A60.9	Anogenital herpes infection, unspecified	Recurrent anogenital herpes
K62.6	Ulcer of anus, rectum	Use if cause of anal ulcer is unknown

Table 11. GENITAL WARTS

Code	Definition	Comment
A63.0	Anogenital (venereal) warts	Condyloma acuminatum
B07.9	Viral warts, unspecified	Use when type of wart is unknown
B08.1	Molluscum contagiosum	Molluscum contagiosum

Table 12. GONORRHEA

Code	Definition	Comment
A54.00	Gonococcal infection of lower genitourinary tract, unspecified	Acute gonorrhea, lower genitourinary tract
A54.01	Cystitis and urethritis, unspecified	Gonococcal urethritis (female, male)
A54.03	Gonococcal cervicitis, unspecified	Acute gonococcal cervicitis (female)
A54.09	Other gonococcal infection of lower genitourinary tract	GC at sites other than those listed
A54.1	Gonococcal periurethral and accessory gland abscess	Gonococcal Bartholin duct abscess
A54.22	Gonococcal prostatitis	Gonococcal prostatitis (male)
A54.23	Gonococcal infection of other male genital organs	Gonococcal epididymitis or orchitis (male)
A54.24	Gonococcal PID	Gonococcal PID (female)
A54.29	Other gonococcal genitourinary infection	Acute gonorrhea, upper genitourinary tract
A54.5	Gonococcal pharyngitis	Gonococcal pharyngitis (female, male)
A54.6	Proctitis (anus/rectum)	Gonococcal proctitis (female, male)

Table 13. PELVIC INFLAMMATORY DISEASE (PID)

Code	Definition	Comment
A56.11	Chlamydial PID	Chlamydial PID
A56.24	Gonococcal PID	Gonococcal PID
N70.11	Chronic salpingitis	Hydrosalpinx
N70.13	Chronic salpingitis and oophoritis	Chronic PID
N70.93	Salpingitis and oophoritis, unspecified	Tubo-ovarian abscess
N71.0	Acute inflammatory disease of uterus	Endometritis/myometritis
N73.9	PID, unspecified	Acute PID (not known to be chlamydial or gonococcal)

Table 14. SYPHILIS

Code	Definition	Comment
A51.0	Primary genital syphilis	Primary syphilis, genital chancre
A51.1	Primary anal syphilis	Primary syphilis, anal chancre
A51.31	Condyloma latum	Warts as a manifestation of secondary syphilis
A51.39	Other secondary syphilis of skin	Syphilitic mucous patch, syphilitic leukoderma
A51.5	Early syphilis, latent	Asymptomatic syphilis, < 2 years after infection
A52.8	Late syphilis, latent	Asymptomatic syphilis, ≥ 2 years after infection or unknown duration
A52.9	Late syphilis, unspecified	Syphilis of unknown duration
A53.9	Syphilis, unspecified	Use more specific codes when available

Genital Tract Conditions (Female and Male)

Table 15. VULVAR INFECTION & INFLAMMATION

Code	Definition	Comment
B35.6	Tinea cruris	Jock itch, "ring worm" of vulva
N75.0	Cyst of Bartholin's gland	Bartholin duct cyst (non-infected)
N75.1	Abscess of Bartholin's gland	Bartholin duct abscess
N76.2	Acute vulvitis	Acute vulvar rash, unknown cause
N76.3	Subacute and chronic vulvitis	Chronic vulvar rash, unknown cause
N76.4	Abscess of vulva	Acute abscess of labia majora or minora
N76.6	Ulceration of vulva	Vulvar ulcer, unknown cause

Table 16. NON-INFECTIOUS VULVAR CONDITIONS

Code	Definition	Comment
D07.1	Carcinoma in situ of vulva	High-grade squamous intraepithelial lesion (HSIL) of vulva. Vulvar intraepithelial neoplasia (VIN) 3 (older term)
D28.0	Vulvar neoplasm, benign	Skin tags
L28.0	Lichen simplex chronicus	Squamous cell hyperplasia, neurodermatitis
L90.0	Lichen sclerosus et atrophicus	Vulvar lichen sclerosus
N84.3	Polyp of vulva	Labial and vulvar polyps
N90.0	Mild vulvar dysplasia	Low-grade squamous intraepithelial lesion (LSIL) of vulva (new term); VIN 1 (older term)
N90.3	Dysplasia of vulva, unspecified	VIN, unspecified
N90.4	Leukoplakia of vulva	White lesion of vulva, not yet diagnosed
N90.5	Atrophy of vulva	Stenosis of vulva
N90.810	Female genital mutilation status, unspecified	Female genital cutting
N90.89	Other specified non-inflammatory disorders of vulva and perineum	Adhesions of vulva

Table 17. VAGINAL INFECTIONS

Code	Definition	Comment
A59.01	Trichomonas vulvovaginitis	Vaginal trichomoniasis
B37.3	Candidiasis of vulva and vagina	Vaginal candidiasis
N76.0	Acute vaginitis	Acute bacterial vaginosis (BV) or undiagnosed acute vaginitis
N76.1	Subacute and chronic vaginitis	Recurrent BV or undiagnosed recurrent vaginitis

Table 18. CERVICAL CONDITIONS

Code	Definition	Comment
D06.0	Cervical intraepithelial neoplasia (CIN) 3 endocervix	Positive endocervical curettage (ECC)
D06.1	CIN 3 exocervix	HSIL/CIN 3 (biopsy diagnosis)
D06.9	Carcinoma in situ of cervix, unspecified	Adenocarcinoma in situ (AIS) of cervix
N86	Erosion/ectropion cervix	Ring of columnar epithelium surrounding cervical os
N87.0	CIN 1	LSIL/CIN 1 (biopsy diagnosis)
N87.1	CIN 2	HSIL/CIN 2 (biopsy diagnosis)
N88.1	Leukoplakia	White lesion of cervix without vinegar, undiagnosed
N88.2	Stricture/stenosis of cervix	Cervical stenosis
N84.1	Cervical polyp	Endocervical polyp

Table 19. CERVICAL AND VAGINAL CANCER SCREENING

Code	Definition	Comment
R87.619	AGC cytology	Atypical glandular cells of cervix not otherwise specified
R87.610	ASC-US cytology	Atypical squamous cells of undetermined significance
R87.611	ASC-H cytology	Atypical squamous cells cannot exclude HSIL
R87.612	LSIL cytology	Low-grade SIL
R87.613	HSIL cytology	High-grade SIL
R87.614	Cytologic evidence of malignancy	Evidence of malignancy on cervical cytology
R87.615	Unsatisfactory cytologic smear of cervix	Inadequate specimen
R87.616	Satisfactory smear but lacking transformation zone	Few or no endocervical cells on cervical cytology
R87.810	Cervical high-risk HPV DNA test positive	High-risk HPV test positive
Z01.42	Cervical smear to confirm findings of recent normal smear following initial abnormal smear	Repeat cytology to confirm findings of recent normal cytology following initial abnormal
Z12.4	Screening for malignant neoplasm of cervix	Screening for cervical cancer and precursors
Z12.72	Screening for malignant neoplasm of vagina	Screening for vaginal cancer and precursors
Z85.41	Personal history of malignant neoplasm of cervix uteri	History of cervical cancer
Z87.42	Personal history of other diseases of the female genital tract	History of abnormal cytology or histology

Table 20. BREAST CONDITIONS

Code	Definition	Comment
N60.(11/12)	Diffuse cystic mastopathy (right, left)	Fibrocystic change
N63.0	Unspecified lump in unspecified breast	Mass or lump not yet diagnosed
N63.1	Unspecified lump in the right breast	Mass or lump not yet diagnosed, right
N63.2	Unspecified lump in the left breast	Mass or lump not yet diagnosed, left
N64.3	Galactorrhea not associated with childbirth	Milky nipple discharge
N64.4	Mastodynia	Breast pain
N64.52	Nipple discharge	Serous, green, or bloody nipple discharge
N64.53	Retraction of nipple	Congenital or acquired retraction, benign
N64.59	Other signs/symptoms in breast	Changes in nipples, including new onset inversion
O91.12	Abscess of breast associated with the puerperium	Breast abscess during lactation
O91.13	Abscess of breast associated with lactation	Purulent mastitis associated with lactation
O91.23	Non-purulent mastitis associated with lactation	Mastitis (breast inflammation) during lactation
R92.8	Abnormal mammogram	Abnormal findings on diagnostic imaging of breast

Table 21. URINARY TRACT CONDITIONS

Code	Definition	Comment
N10	Acute pyelonephritis	Acute kidney infection
N30.00	Acute cystitis without hematuria	Bladder infection without blood in urine
N30.01	Acute cystitis with hematuria	Aka: hemorrhagic cystitis
N34.3	Urethral syndrome, unspecified	Urethritis without bacteria
N39.3	Stress incontinence	Urinary stress incontinence (female, male)
N39.41	Urge incontinence	Urinary urge incontinence (female, male)
N39.46	Mixed incontinence	Urge and stress incontinence (female, male)
R30.0	Dysuria	Painful urination
R31.9	Hematuria, unspecified	Blood in urine, not yet diagnosed
R35.0	Frequency of micturition	Urinary frequency (small volume of urine)
R35.8	Other polyuria	Excessive urination (large volume of urine)
R39.15	Urgency of urination	Urinary urgency

Table 22. GYNECOLOGICAL PROBLEMS

Code	Definition	Comment
D25.9	Leiomyoma of uterus, unspecified	Uterine "fibroid" or myoma
L68.0	Hirsutism	Androgen-dependent hirsutism
E28.2	Polycystic ovarian syndrome (PCOS)	Referred to as PCOS
F52.0	Hypoactive sexual desire disorder	No or low motivation for sexual activity, problematic
F52.22	Female sexual arousal disorder	Unsatisfied with ability to become sexually aroused
F52.31	Female orgasmic disorder	Unsatisfied with ability to orgasm
N80.3	Endometriosis of pelvic peritoneum	Endometriosis of pelvis
N84.0	Polyp of corpus uteri	Endometrial polyp
N85.7	Hematometra	Collection of blood or clot in the uterus
N83.01/.02	Follicular cyst of ovary (right, left)	Benign ovarian cyst, before ovulation
N83.11/.12	Corpus luteum cyst of ovary (right, left)	Benign ovarian cyst, after ovulation
N83.201/.202	Unspecified ovarian cysts (right, left)	Other and unspecified ovarian cysts
N91.0	Primary amenorrhea	Absent or delayed menarche (first menstrual period)
N91.1	Secondary amenorrhea	Missed menses (≥ 3 menses or 6 months without menses)
N91.2	Amenorrhea, unspecified	Use more specific codes above
N91.3	Primary oligomenorrhea	Cycle interval >35 days, present since menarche
N91.4	Secondary oligomenorrhea	Cycle interval >35 days, developed after menarche
N92.0	Excessive menstruation with regular cycle	Heavy menstrual bleeding; menorrhagia
N92.1	Excessive and frequent menstruation with irregular cycle	Menometrorrhagia, metrorrhagia
N92.2	Excessive menstruation at puberty	Excessive bleeding with onset of menstrual periods
N92.3	Ovulation bleeding	Mid-cycle vaginal bleeding
N92.4	Excessive bleeding in the premenopausal period	Perimenopausal menorrhagia or metrorrhagia
N92.6	Irregular menstruation, unspecified	Irregular menstrual cycles, not otherwise specified
N93.9	Abnormal uterine and vaginal bleeding	Abnormal vaginal bleeding not yet diagnosed
N95.0	Postmenopausal bleeding	Vaginal bleeding ≥ 1 year after final menstrual period
N95.1	Menopausal and female climacteric states	Menopausal symptoms (hot flashes/flushes)
N95.2	Atrophic vaginitis	Genitourinary syndrome of menopause (GSM); new name
R68.82	Decreased libido	Decreased sexual desire (symptom, not disorder)

Table 23. PAIN SYNDROMES

Code	Definition	Comment
F32.81	Premenstrual dysphoric disorder	Severe form of premenstrual syndrome (PMS)
F52.5	Vaginismus not due to a substance or known physiological condition	Vaginismus, unknown cause
F52.6	Dyspareunia not due to a substance or known physiological condition	Painful intercourse, unknown cause
G43.001	Migraine, without aura	Simple migraine
G43.101	Migraine, with aura	Classical migraine
G43.829	Migraine menstrual intractable	Menstrual (catamenial) migraine
G43.909	Migraine, unspecified	Migraine, unknown type
G44.209	Headache, tension	Tension headaches
R51.9	Headache, unspecified	Headache type unknown or not yet diagnosed
M60.8-851	Myofascial pain	Chronic pelvic pain syndrome
N94.0	Mittelschmerz	Mid-cycle pain associated with ovulation
N94.10	Unspecified dyspareunia	Painful intercourse, during or afterward
N94.11	Superficial (introital) dyspareunia	Sexual pain at introitus
N94.12	Deep dyspareunia	Sexual pain in abdomen
N94.19	Other specified dyspareunia	Sexual pain in vagina
N94.2	Vaginismus secondary to physiologic condition	Painful tightening or spasm of vaginal muscles
N94.3	Premenstrual tension syndrome	PMS
N94.4	Primary dysmenorrhea	Painful menstrual cramps since menarche
N94.5	Secondary dysmenorrhea	Painful menstrual cramps, starting after menarche
N94.6	Dysmenorrhea, unspecified	Painful menstrual cramps
N94.810	Vulvar vestibulitis	Also called localized provoked vulvodynia
N94.819	Vulvodynia, unspecified	Vulvodynia, not yet diagnosed
R10.10	Upper abdominal pain, unspecified	Epigastric pain
R10.2	Pelvic and perineal pain	Acute pelvic pain undiagnosed
R10.30	Lower abdominal pain, unspecified	Lower abdominal pain, not yet diagnosed
R10.31	Right lower quadrant pain	Abdominal pain, right lower quadrant (RLQ)
R10.32	Left lower quadrant pain	Abdominal pain, left lower quadrant (LLQ)
R10.33	Periumbilical pain	Mid-abdominal pain at level of umbilicus

Table 24. MALE GENITAL TRACT CONDITIONS

Code	Definition	Comment
F52.21	Male erectile disorder	Difficulty obtaining or maintaining erection
F52.4	Premature ejaculation	Premature ejaculation causes distress
N34.1	Nonspecific urethritis	Non-gonococcal urethritis (NGU)
N34.2	Other urethritis	Bacterial urethritis; urethral meatitis
N41.0	Prostatitis, acute	Acute prostate gland infection
N41.1	Prostatitis, chronic	Chronic prostate gland infection
N43.3	Hydrocele, unspecified	Fluid fill sac around testicle
N44.00	Torsion of testis, unspecified	Testicular torsion
N45.1	Epididymitis	Inflammation of the epididymis, the cordlike structure attached to the posterior of the testis
N45.3	Epididymo-orchitis	Inflammation of the testicle and epididymis
N48.1	Balanitis	inflammation of tip of penis
R10.2	Pelvic and perineal pain	Pain in the perineum, pubic region, or scrotum
R21	Rash or non-specific skin eruption	Genital rash, not yet diagnosed
R36.0	Urethral discharge w/o blood	Urethral discharge, not bloody or painful

Code	Definition	Comment
R36.1	Hematospermia	Blood in semen
R36.9	Urethral discharge unspecified	Penile discharge, not yet diagnosed

Table 25. OTHER SIGNS AND SYMPTOMS

Code	Definition	Comment
R11.0	Nausea, alone	Nausea without vomiting
R11.11	Vomiting, alone	Vomiting without nausea
R11.2	Nausea with vomiting	Both nausea with vomiting
R50.9	Fever, unspecified	Persistent fever; fever with chills
R53.1	Weakness	Same
R53.81	Other malaise	Malaise, not specified

Achieving Pregnancy and Basic Infertility

Table 26. INFERTILITY

Code	Definition	Comment
N46.9	Male infertility, unspecified	Male factor infertility
N97.0	Female infertility associated with anovulation	Oligo-anovulation, poor ovulatory quality
N97.1	Female infertility of tubal origin	Partial or complete occlusion of fallopian tubes
N97.2	Female infertility of uterine origin	Sub-mucus fibroid, congenital anomaly of endometrium or corpus
N97.8	Female infertility of other origin	Cervical factor infertility
N97.9	Female infertility, unspecified	Female infertility, primary or secondary
Z31.41	Fertility testing	Encounter for sperm count for fertility testing
Z31.81	Encounter for male factor infertility in female patient	Evaluation of male partner during infertility; evaluation of female

Table 27. PROCREATIVE MANAGEMENT

Code	Definition	Comment
Z31.41	Encounter for fertility testing	Infertility study(ies) done
Z31.5	Encounter for procreative genetic counseling	Ordering or explaining of genetic test results
Z31.61	Procreative counseling/advice using NFP	Achieving pregnancy counseling
Z31.69	Other procreative management	Prepregnancy care; preconception care (older term)
Z31.9	Encounter for procreative management, unspecified	Use more specific codes when available

Other Counseling Services

Table 28. BEHAVIORAL HEALTH

Code	Definition	Comment
F10.10	Alcohol abuse, uncomplicated	Same
F10.20	Alcohol dependence, uncomplicated	Same
F10.21	Alcohol dependence, in remission	Same
F11.10	Opioid abuse, uncomplicated	Same
F11.20	Opioid dependence, uncomplicated	Same
F11.21	Opioid dependence, in remission	Same
F11.90	Opioid use, unspecified, uncomplicated	Use more specific codes when available
F17.200	Nicotine dependence, unspecified, uncomplicated	Tobacco use disorder, mild-moderate-severe
Z71.41	Alcohol abuse counseling and surveillance of alcoholic	Same
Z71.51	Drug abuse counseling and surveillance of drug abuser	Same
Z71.6	Tobacco abuse counseling	Smoking cessation counseling
F32.9	Depressive disorder, single episode	Same
F33.9	Depressive disorder, recurrent	Same
F41.1	Generalized anxiety disorder	Same
Z60.(0-9)	Problems of adjustment to life-cycle transitions	Problems related to social environment
Z71.89	Other specified counseling	Counseling on other specific topics
Z71.9	Counseling not otherwise specified	General counseling

Table 29. WEIGHT AND EATING DISORDERS

Code	Definition	Comment
E66.01	Obesity, morbid	Body mass index (BMI) ≥ 40 kg/m ²
E66.09	Other obesity	BMI 30–39 kg/m ²
E66.3	Overweight	BMI 26–29 kg/m ²
F50.0	Anorexia nervosa, unspecified	Same
F50.9	Eating disorder, unspecified	Atypical anorexia nervosa or bulimia nervosa
Z71.3	Dietary counseling and surveillance	Weight management counseling

Table 30. PrEP (PRE-EXPOSURE PROPHYLAXIS)

Code	Definition	Comment
Z01.812	Encounter for preprocedural lab exam	Use for blood or urine tests prior to treatment
Z11.3	Encounter for screening for infections with a predominantly sexual mode of transmission	Screening for STI
Z11.4	Encounter for screening for HIV	HIV screening test(s) performed or ordered
Z11.59	Encounter for screening for other viral diseases	Genital herpes screening
Z20.2	Contact with and (suspected) exposure to infections with a predominantly sexual mode of transmission	Recent exposure to a STI, including CT, GC, non-gonococcal urethritis, epididymitis, trichomoniasis, or syphilis
Z20.6	Contact with and (suspected) exposure to HIV	Exposure to HIV
Z51.81	Encounter for therapeutic drug level monitoring	PrEP monitoring
Z71.7	Encounter for HIV counseling	Counseling re: HIV prevention, diagnosis, treatment
Z72.89	Other problems related to lifestyle	Use for drug-seeking behavior or unhealthy drinking behavior
Z79.899	Other long-term (current) drug therapy	PrEP monitoring

Table 31. PEP (POST-EXPOSURE PROPHYLAXIS)

Code	Definition	Comment
Z20.2	Contact with and (suspected) exposure to infections with a predominantly sexual mode of transmission	Screening for STI
Z20.5	Contact with and (suspected) exposure to viral hepatitis	Exposure to hepatitis A, B, or C
Z20.6	Contact with and (suspected) exposure to HIV	Exposure to HIV
Z77.21	Contact with and (suspected) exposure to potentially hazardous body fluids	Same
W46.0XXA	Contact with hypodermic needle (initial encounter (enc.))	Hypodermic needle stick, initial encounter
W46.0XXD	Contact with hypodermic needle (subsequent enc.)	Hypodermic needle stick, subsequent encounter
W46.1XXA	Contact with contaminated hypodermic needle (initial enc.)	Contaminated hypodermic needle stick, initial encounter
W46.1XXD	Contact with contaminated hypodermic needle (subsequent enc.)	Contaminated hypodermic needle stick, subsequent encounter

TRANSGENDER SERVICES

Code	Definition	Comment
F64.0	Transsexualism	A transgender person, especially one whose body has been altered through surgery or hormone therapy to bring into alignment with gender identity
