

## **Roxana Valeton**

### **CEO First Person Care Clinics**

Roxana Valeton is a healthcare executive with more than fifteen years of experience and a proven track record in the areas of Healthcare Business Development (profit/nonprofit), grant writing, business startups, managed care, ancillary service development and physician contracting. Her companies are providing a variety of services including Primary Care, Dental, Mental Health, Substance Abuse treatment, Urgent Care Services, Pharmacy, and many other services to all, regardless of the person's ability to pay; all directed towards a holistic approach. Her goal is to empower individuals by providing the adequate tools, resources, and support needed for people facing issues as access to healthcare, education, poverty, and gender inequality, so they can grow and positively impact their communities.
